MINISTRY OF FOREIGN TRADE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 13th April, 1970

Subject:—Grant of import licences for raw materials and components to actual users in the small scale sector, during April 1970—March 1971—items licensable on restricted basis.

No. 55-TTC(PN)/70.—Attention is invited to the import policy for actual users for the period April 1970—March 1971, as contained in Vol. I of the Red Book in terms of which certain items are licensable to actual users on a restricted basis only. It has been decided that, in respect of such items, imports may be allowed to small scale units subject to value limits or face value restrictions as indicated in the Appendix to this Public Notice.

2. Where a restricted item appears in licences issued to an actual user against different modes of financing for the same licensing period, and the licensee wishes to import such an item against one of these licences only, the request will be considered on merits. In such a case, the licensing authority will endorse one of the licences making it valid for the import of that item for the aggregate value for which it was permitted against all the licences, and simultaneously delete the said item from the remaining licence(s).

APPENDIX

Value limits or face value restrictions.

- I. Except for items mentioned in para 3 below, imports in respet of each item licenciable on restricted basis appearing in a licence, will be allowed for a value equal to 10 per cent of the face value of the licence or Rs. 5,000 whichever is less, within the overall value of the licence.
- 2. In the case of existing units eligible to priority treatment and preferred sources of supply in terms of paragraphs 21, 22 and 24 of Section I of the Red Book (Vol. I) for April 1970—March 1971, the value limit of Rs. 5,000 referred to in (1) above, or the limit applicable to the concerned item under para 3 below will be doubled subject to a limit of Rs. 10,000 or the maximum value limit indicated against any particular item.
- In respect of the under-mentioned items, the value limits or face value restrictions will be as indicated against each :—

S. No. and Part of he I.T.C. Schedule	Description of item	Percentage of face value restriction in relation to the total value of the licences
Part I 39—A	Steel castings (unmachined) above 10 M.T. piece weight.	10%
39-B	Alloy steel castings (unmachined) above 3 M.T. piece weight.	10%
40	Unmachined steel forgings , .	10%
42	Copper scrap whether ingotted or otherwise .	10%
57(e)	Industrial coll springs, flat and other formed spring including precision springs excluding hair springs for whatches, clocks etc.	s 5% or Rs. 5,000 whichever is less.
PART II		
9(a)	Machine steel balls above 9/16" dia . ,	5%
9 (b)	High precision steel balls conforming to AFBMA grade 5, 10 and 15.	5%
12	(i) Aluminium wire rods having a purity of 99.5% or more for the manufacture of ACSR all aluminium conductors and covered aluminium conductors.	10%
	(ii) Aluminium electrodes	10%
	(iii) 34 gauge and thinner gauge aluminium strips in coils required for making antibiotic vial caps (for drugs and pharmaceutical in- dustry).	10%
	(iv) Aluminium strips of less than 12.5 mm width for manufacture of zlp festeners.	10%
13	E. C. grade aluminium	10%
16(p)	Sintered parts other than Oilite bushes .	25% or Rs. 5,000 whichever is less.
31(c)(ii)	Out board motors above 5 H.P	Applications will be considered in consultation with D.G. T.D.

S. No. & Part of the I.T.C. Schedule		Percentage of face value restriction in relation to the total value of the licence.
Part II (co	ontd.)	
33-В	 (i) Gas compressors and spare parts thereof for vanaspati and sugar industry. (ii) Spare parts of Air Compressos (for Vanaspati, Sugar and Tea industry and for Textile Mills). 	on the recommendation of
34 (b)	Power driven pumps and pumping sets. (The requirements will be met from the stocks imported by the S.T.C.)	Applications will be considered in consultation with D.G. T.D.
36 (1-4)]	Safety equipment required by collieries	Applications will be considered on the recommentation of the sponsoring authority concerned
39 (c)]	Flame proof fittings	Do.
Part III		
I (f)	ı. Ethyle cellulose	10%
	2. Methyle Cellulose	10%
1-B	Dyes-intermediates the following:	
	I. Acetoacetanilide	10%
		10%
